negotiate aspects of the musical theatre business and more.

Jenna Fischer's Hollywood journey began at the age of 22 when she moved to Los Angeles from her hometown of St. Louis. With a theater degree in hand, she was determined, she was confident, she was ready to work hard. So, what could go wrong? Uh, basically everything. The path to being a professional actor was so much more vast and competitive than she'd imagined. It would be eight long years before she landed her iconic role on *The Office*, nearly a decade of frustration, struggle, rejection and doubt. If only she'd had a handbook for the aspiring actor. Or, better yet, someone to show her the way—an established actor who could educate her about the business,

manage her expectations, and reassure her in those moments of despair. Jenna wants to be that person for you. With amusing candor and wit, Fischer spells out the nuts and bolts of getting established in the profession, based on her own memorable and hilarious experiences. She tells you how to get the right headshot, what to look for in representation, and the importance of joining forces with other like-minded artists and creating your own work—invaluable advice personally acquired from her many years of struggle. She provides helpful hints on how to be gutsy and take risks, the tricks to good auditioning and callbacks, and how not to fall for certain scams (auditions in a guy's apartment are probably not legit—or at least not for the kind of part you're

Detailed, step-by-step information, examples, and suggestions about how to direct a school drama program without mistakes.

The stage manager is the renaissance man of the theater. He or she must have a working knowledge of how the various technical aspects of the theater work (scenery, props, costumes, lights and sound), be part director, part playwright, part designer and part producer, and be prepared to act as confidant, counselor and confessor to everyone else in the company. This book addresses all of these considerations in detail and offers the reader—professional or amateur, veteran or beginner—helpful guidance and practical advice,

supported by many forms and examples to illustrate the points covered in the text. The three phases of mounting and performing a show are covered. Part I takes the reader through the pre-production phase—research, the script, planning and organization, and auditions. Part II covers the rehearsal process—rehearsal rules, blocking, cues, prompting, information distribution, technical and dress rehearsals. Part III discusses the performance phase—calling the show, maintaining the director's work, working with understudies and replacements, and more. Part IV provides insights into the organizational structure or some theaters and aspects of human behavior in those organizations. Many stage managers of long-

running commercial productions believe that—once the show is up and running—only ten percent of their work is related to everything covered in Parts I, II and III. The other ninety percent is associated with issues in Part IV; i.e. "managing" human behavior and maintaining working relationships.

This book gives you an in depth look into the world of a Stage Manager. You will learn about their main responsibilities, some tips and tricks to better yourself in the business, and a detailed account of who they are inside of a production in a step by step format. If you're into live theatre, then this book will give you great details on the work that goes into mounting a production.
