The American Pageant may be the bestselling American history textbook ever written. It has sold many millions of copies, and every year thousands of high school and college students are required to read it. Advanced Placement (AP) history courses in high schools especially like to use The American Pageant as their text.

THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts in American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 14th edition places an even greater emphasis on the global context of American history through a new feature, Thinking Globally. Revised primary source features excite student interest and help them learn to examine documents the way historians do. Additional pedagogical features make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present primary sources, scholarly debates, and key historical figures for analysis. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The new edition of American Pageant, the leading program for AP U.S. history, now reflects the redesigned AP Course and Exam that begins with the 2014-2015 school year. The 16th edition helps prepare students for success on the AP Exam by 1) helping them practice historical thinking skills, pulling together concepts with events, and 2) giving them practice answering questions modeled after those they'll find on the exam. The new edition adds a two-page opener/preview to every chapter, guiding students through the main points of the chapter and using questions and elements tied to the AP Curriculum Framework to help them internalize the chapter more conceptually. Also new are additional End-of-Part multiple-choice and short answer questions reflecting the changes to the exam. Practice DBQs and other free response essay questions will still be found at the back of the book.

THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, "Contending Voices," offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1-41); Volume 1: To 1877 (Chapters 1-22); Volume 2: Since 1865 (Chapters 22-41). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. Winner of the Bancroft Prize in twenty-first-century America, some cities are flourishing and others are struggling, but they all must contend with deteriorating infrastructure, economic inequality, and unaffordable housing. Cities have limited tools to address these problems, and many must rely on the private market to support the public good. It wasn't always this way. For almost three decades after World War II, even as national policies promoted suburban sprawl, the federal government underwrote renewal efforts for cities that had suffered during the Great Depression and the war and were now bleeding residents into the suburbs. In Saving America's Cities, the prizewinning historian Lizabeth Cohen follows the career of Edward J. Logue, whose shifting approach to the urban crisis tracked the changing balance between government-funded public programs and private interests that would culminate in the neoliberal rush to privatize efforts to solve entrenched social problems. A Yale-trained lawyer, rival of Robert Moses, and sometime critic of Jane Jacobs, Logue saw renewing cities as an extension of the liberal New Deal. He worked to revive a declining New Haven, became the architect of the "New Boston" of the 1960s, and, later, led New York State's Urban Development Corporation, which built entire new towns, including Roosevelt Island in New York City. Logue's era of urban renewal has a complicated legacy: Neighborhoods were demolished and residents dislocated, but there were also genuine successes and progressive goals. Saving America's Cities is a dramatic story of heartbreak and destruction but also of human idealism and resourcefulness, opening up possibilities for our own time.

Primary source documents, often accessible only in musty archives, are the raw material from which historian craft their stories. The American Spirit is a virtual archive where students can touch the evidence deposited by the living, breathing, often conflicted and frequently contentious men and women who lived and shaped America's past.

Presents basic concepts in physics, covering topics such as kinematics, Newton's laws of motion, gravitation, fluids, sound, heat, thermodynamics, magnetism, nuclear physics, and more, examples, practice questions and problems.
