Commissioner in 1772.

Based on the public television series of the same name, Bradshaw On: The Family is John Bradshaw's seminal work on the dynamics of families that has sold more than a million copies since its original publication in 1988. Within its pages, you will discover the cause of emotionally impaired families. You will learn how unhealthy rules of behavior are passed down from parents to children, and the destructive effect this process has on our society. Using the latest family research and recovery material in this new edition, Bradshaw also explores the individual in both a family and societal setting. He shows you ways to escape the tyranny of family-reinforced behavior traps--from addiction and co-dependency to loss of will and denial--and demonstrates how to make conscious choices that will transform your life and the lives of your loved ones. He helps you heal yourself and then, using what you have learned helps you heal your family. Finally, Bradshaw extends this idea to our society: by returning yourself and your family to emotional health, you can heal the world in which you live. He helps you reenvision societal conflicts from the perspective of a global family, and shares with you the power of deep democracy: how the choices you make every day can affect--and improve--your world.

relationships. Reprint.

Shame is the motivator behind many toxic behaviors like compulsion, codependency, addiction, and drive to superachieve. This title identifies personal shame, explains the underlying reasons, and addresses root causes.

Are you outwardly successful but inwardly do you feel like a big kid? Do you aspire to be a loving parent but all too often “lose it” in hurtful ways? Do you crave intimacy but sometimes wonder if it’s worth the struggle? Or are you plagued by constant vague feelings of anxiety or depression? If any of this sounds familiar, you may be experiencing the hidden but damaging effects of a painful childhood—carrying within you a “wounded inner child” that is crying out for attention and healing. In this powerful book, John Bradshaw shows how we can learn to nurture that inner child, in essence offering ourselves the good parenting we needed and longed for. Through a step-by-step process of exploring the unfinished business of each developmental stage, we can break away from destructive family rules and roles and free ourselves to live responsibly in the present. Then, says Bradshaw, the healed inner child becomes a source of vitality, enabling us to find new joy and energy in living. Homecoming includes a wealth of unique case histories and interactive techniques, including questionnaires, letter-writing to the inner child, guided meditations, and affirmations. Pioneering when introduced, these classic therapies are now being validated by new discoveries in attachment research and neuroscience. No one has ever brought them to a popular audience more effectively and inspiringly than John Bradshaw.

“Why are so many of us at times completely baffled by a relationship? How can we think we know someone so well and admit in the end that we hardly knew that person at all? Why do many people who work diligently and strenuously to gain wholeness and balance still feel so frustrated about having a fulfilling relationship? Why have so many people given up on love?”—from the Prologue John Bradshaw’s bestselling books and compelling PBS series have touched and changed millions of lives. Now, in *Creating Love*, he offers us a new way to understand our most crucial relationships—with our romantic partners and spouses, with our parents and children, with friends and co-workers, with ourselves, and with God. Bradshaw’s compassionate approach shows that many of us have been literally “entranced” by past experiences of counterfeit love, so we unknowingly re-create patterns that can never fulfill us. Here he provides both the insights and the precise tools we need to keep those destructive patterns from repeating in the present. And then he shows how we can open ourselves to the soul-building work of real

love—and create healthy, loving relationships where we can be fully ourselves in every part of our lives.

The best-selling author of *Creating Love* sets out to redefine what it means to live a moral life in today's world by helping readers reclaim and cultivate their inborn moral intelligence by developing one's instincts for goodness in childhood and nurturing them through one's adult life to promote good character and moral responsibility. 75,000 first printing.

Since quitting work to look after his eight-year-old daughter, Alexa, Thomas Bradshaw has found solace and grace in his daily piano study. His pursuit of a more artistic way of life shocks and irritates his parents and in-laws. Why has he swapped roles with Tonie Swann, his intense, intellectual wife, who has accepted a demanding full-time job? How can this be good for Alexa? Tonie is increasingly seduced away from domestic life by the harder, headier world of work, where long-forgotten memories of ambition are awakened. She soon finds herself outside their tight family circle, alive to previously unimaginable possibilities. Over the course of a year full of crisis and revelation, we follow the fortunes of Tonie, Thomas, and his brothers and their families: Howard, the successful, indulgent brother, and his gregarious wife, Claudia; and Leo, lacking in confidence and propped up by Susie, his sharp-tongued, heavy-drinking wife. At the head of the family, the aging Bradshaw parents descend on their children to question and undermine them. *The Bradshaw Variations* reveals how our choices, our loves, and the family life we build will always be an echo—a variation—of a theme played out in our own childhood. This masterful and often shockingly funny novel, Rachel Cusk's seventh, shows a prizewinning writer at the height of her powers.

The author examines the significance of identifying and rescuing the inner child in terms of recovery, spiritual growth, freedom, and full adult functioning
