As a busy wife, new mother, business owner, and designer, Emily Ley came to a point when she suddenly realized she couldn't do it all. She needed to simplify her life, organize her days, and prioritize the priorities. She realized that she had been holding herself to a standard of perfection, when what God was really calling her to do was step into his grace. In this four-session video-based study (DVD/digital downloads sold separately), Emily describes the journey that led to her pursuing a simpler life—one that allowed her to breathe, laugh, and grow—and provides ways for others to simplify their lives. She reminds each of us that God abundantly pours out grace on us, and because of this, we can surely extend grace to ourselves. This message is for everyone who has been trying to do it all... only to burn out. Learn to find joy and acceptance in the midst of life's beautiful messes. Sessions include: Let Go of the Perfect Life Surrender Control Build True Community Live in God's Grace Designed for use with the Grace, Not Perfection Video Study (sold separately).

Betrayal in the City, first published in 1976 and 1977, was Kenya's national entry to the Second World Black and African Festival of Arts and Culture in Lagos, Nigeria. The play is an incisive, thought-provoking examination of the problems of independence and freedom in post-colonial African states, where a sizeable number of people feel that their future is either blank or bleak. In the words of Mosese, one of the characters: "It was better while we waited. Now we have nothing to look forward to. We have killed our past and are busy killing our future."--Page 4 of cover.

Written in the same style and spirit as the classic best-seller *The Faith Explained* by Leo Trese, *The Faith Explained Today* by Joe Babendreier offers an explanation of the faith that is easily accessible to modern readers, especially students and young adults. These parts include: What Christians Believe How God Reveals Morality The Way Christians Worship The Human Person Prayer Complete with review questions at the end of each chapter and frequent use of writings from Sacred Scripture, the saints, spiritual writers, and the Magisterium, this book will help you understand what God revealed through Jesus Christ, as the Church has believed it, preserved it, and treasured it from the beginning.

The Hypocrisy of American Slavery is one of Douglass' classics.

Fossil fuels still need to meet the growing demand of global economic development, yet they are often considered as one of the main sources of the CO₂ release in the atmosphere. CO₂, which is the primary greenhouse gas (GHG), is periodically exchanged among the land surface, ocean, and atmosphere where various creatures absorb and produce it daily. However, the balanced processes of producing and consuming the CO₂ by nature are unfortunately faced by the anthropogenic release of CO₂. Decreasing the emissions of these greenhouse gases is becoming more urgent. Therefore, carbon sequestration and storage (CSS) of CO₂, its utilization in oil recovery, as well as its conversion into fuels and chemicals emerge as active options and potential strategies to mitigate CO₂ emissions and climate change, energy crises, and challenges in the storage of energy.

Blossoms of the Savannah is the story of two sisters, Taiyo and Resian, who are on the verge of womanhood and torn between their personal ambitions and

the humiliating duty to the Nasila tradition. Relocation to their rural home heralds a cultural alienation born of their refusal to succumb to female genital mutilation and early marriages. In pursuit of the delicate and elusive socio-economic cultural balance in Nasila, Ole. Kaelo, the girls' father is ensnared by a corrupt extortionist. To extricate himself he sends his daughters into a flat-spin labyrinth from which they have to struggle to escape.
