This text is written in another form, where knowledge can be bridged and tested through questions and answers in a multiple choice format. The answers to the questions are provided towards the back pages of the text. The book will not in small measure assists students in preparation for their regular academic and professional exams. The book basically covers all aspect of the Corporate FinanceIt is good starting point for finance and accounting students, financial analysts, stockbrokers, accountants, corporate gurus and managers of businesses. Don't forget that: The more that you read, the more things you will know. The more that you learn, the more places you'll go.Happy Studying

This pedagogically innovative and interactive corporate finance textbook not only introduces and develops core corporate finance material, but does so in a way that will capture the imagination of UK and international business and management students at undergraduate, postgraduate and professional level. As well as offering an in-depth examination of the key areas of the corporate finance syllabus, this text incorporates interesting and topical examples, cases and illustrations, bringingreal life to bear on the concepts presented, and creating a lively, engaging learning tool. An activity-based approach and a unique, approachable writing style make this textbook the perfect companion for students on introductory corporate finance modules. Online Resource Centre For students * Key learning points for each chapter * Two further mini-cases for each chapter with questions and answers * Critical Thinking / review questions * Ten self test quantitative questions with answers * Pod cast introduction to chapters * Web-based simulation game * MP3 transcripts of interviews with finance specialists For lecturers * Instructor's manual to include PowerPoint Slides with a facility to customise into a course pack * Short answer questions / answers * Suggestions for discursive questions * Tutorial solutions and case study answer outlines * Testbank of questions on different levels (to follow the case study categories - theoretical, practical, strategic, investor, reflective)

MCQs (Multiple Choice Questions) in CORPORATE FINANCE is a comprehensive questions answers quiz book for undergraduate students. This quiz book comprises question on CORPORATE FINANCE practice questions, CORPORATE FINANCE test questions, fundamentals of CORPORATE FINANCE practice questions, CORPORATE FINANCE questions for competitive examinations and practice questions for CORPORATE FINANCE certification. In addition, the book consists of 730+ CORPORATE FINANCE CONCEPT QUESTIONS to understand the concepts better. This book is essential for students preparing for various competitive examinations all over the world. Increase your understanding of CORPORATE FINANCE Concepts by using simple multiple-choice questions that build on each other. Enhance your time-efficiency by reading these on your smartphone or tablet during those down moments between classes or errands. Make this a game by using the study sets to quiz yourself or a friend and reward yourself as you improve your knowledge.

The authors wrote this text in response to the absence in the market of a text that would meet the needs of finance majors, but would still be accessible to all students. In many cases, as many as 80% of undergraduate corporate finance courses are filled with non-finance majors who are either intimidated by this course or who don't understand why they have to take the class (or both!). This text addresses the challenges all professors face: keeping students at varying degrees of ability and interest motivated and invested in the material.

The Study Guide contains a chapter outline as well as a generous number of self-test multiple choice questions, true/false questions, fill-in questions, problems, internet questions, and essays, all with answers.

The Study Guide contains a chapter outline as well as a generous number of self-test multiple choice questions, true/false questions, fill-in questions, problems, internet questions, and essays, all with answers.

As globalization is redefining the field of corporate finance, international finance is now part and parcel of the basic literacy of any financial executive. This is why International Corporate Finance is a "must" text for upper-undergraduates, MBAs aspiring to careers in global financial services and budding finance professionals. International Corporate Finance offers thorough coverage of the international monetary system, international financing, foreign exchange risk management and cross-border valuation. Additionally, the book offers keen insight on how disintermediation, deregulation and securitization are re-shaping global capital markets. What is different about International Corporate Finance? Each chapter opens with a real-life mini-case to anchor theoretical concepts to managerial situations. Provides simple decision rules and "how to do" answers to key managerial issues. Cross-border Mergers & Acquisitions, Project Finance, Islamic Finance, Asian Banking & Finance are completely new chapters that no other textbooks currently cover. Accompanied with a comprehensive instructor support package which includes case studies, an Instructor's Manual, PowerPoint slides, Multiple Choice Questions and more.
