The future may trend towards self-driving cars that are rented on demand similar to public transportation. This trend would reduce parking and congestion issues drastically. I picked this book up expecting a window into the development of futuristic cars, however Margo Oge describes herself as “not a car expert,” and the superficial technical descriptions confirm as much.

## Margo Oge

The cars of tomorrow will have electronic architectures more like that of airplanes, and will be smarter and safer, park themselves, and network with other vehicles on the road to drive themselves, save fuel and reduce greenhouse gas emissions.
