This engaging review guide and workbook is the ideal tool for sharpening your Geometry skills! This review guide and workbook will help you strengthen your Geometry knowledge, and it will enable you to develop new math skills to excel in your high school classwork and on standardized tests. Clear and concise explanations will walk you step by step through each essential math concept. 500 practical review questions, in turn, provide extensive opportunities for you to practice your new skills. If you are looking for material based on national or state standards, this book is your ideal study tool! Features:
•Aligned to national standards, including the Common Core State Standards, as well as the standards of non-Common Core states and Canada•Designed to help you excel in the classroom and on standardized tests•Concise, clear explanations offer step-by-step instruction so you can easily grasp key concepts•You will learn how to apply Geometry to practical situations•500 review questions provide extensive opportunities for you to practice what you’ve learned

Word Problems Practice Workbook

Bestselling author Sherman Alexie tells the story of Junior, a budding cartoonist growing up on the Spokane Indian Reservation. Determined to take his future into his own hands, Junior leaves his troubled school on the rez to attend an all-white farm town high school where the only other Indian is the school mascot. Heartbreaking, funny, and beautifully written, The Absolutely True Diary of a Part-Time Indian, which is based on the author’s own experiences, coupled with poignant drawings by Ellen Forney that reflect the character’s art, chronicles the contemporary adolescence of one Native American boy as he attempts to break away from the life he was destined to live. With a forward by Markus Zusak, interviews with Sherman Alexie and Ellen Forney, and four-color interior art throughout, this edition is perfect for fans and collectors alike.

Math Triumphs is intended for use as a pull out intervention class (RtI level 3) for students who are struggling in mathematics concepts two or more grade levels below their current grade. It is designed for use in after school, before school, summer school, intercession, tutoring, or pull-out/resource rooms. Math Triumphs is the first intervention program designed around the NCTM Focal Points. The Student Editions are 4-color, consumable Student Study Guide worktexts focusing on the foundational skills and concepts leading up to one of the three grade level Focal Points. Each chapter begins with a diagnostic assessment to identify concepts and skills that students may need to review or reinforce before introducing the new chapter.

Based on the authors’ extensive experience in crisis intervention and teaching crisis intervention courses, this authoritative text presents the latest skills and techniques for handling crisis situations. CRISIS INTERVENTION STRATEGIES, 8th Edition features the authors’ task model, which illustrates and elucidates the process of dealing with people in crisis. Using this model, the authors build specific strategies for handling a myriad of different crisis situations, accompanied in many cases with dialogue that a practitioner might use when working with the individual in crisis. Two new chapters systematically illuminate the topics of families in crisis and legal and ethical issues in crisis intervention. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
