**Hotel Rwanda (2004) - Rotten Tomatoes**

In 1994 in Rwanda, a million members of the Tutsi tribe were killed by members of the Hutu tribe in a massacre that took place while the world looked away. "Hotel Rwanda" is not the story of that massacre. It is the story of a hotel manager who saved the lives of 1,200 people by being, essentially, a very good hotel manager.

Hotel Rwanda tells the inspiring stor y of real-life hero Paul Rusesabagina (Don Cheadle) , a hotel manager in Rwanda who used his courage and cunning to shelter over a thousand refugees from certain death. While the rest of the world closed its eyes, Paul opened his heart and proved that one good man can make a difference.

**Hotel Rwanda** **Movie** **Review** **&** **Film** **Summary** **(2004) | Roger Ebert**

In 2004, the Academy Award – nominated movie Hotel Rwanda lionized hotel manager Paul Rusesabagina for single-handedly saving the lives of all who sought refuge in the Hotel des Milles Collines during Rwanda’s genocide against the Tutsi in 1994. Because of the film, the real-life Rusesabagina has been compared to Oskar Schindler, but unbeknownst to the public, the hotel’s refugees don’t endorse Rusesabagina’s version of the events. In the wake of Hotel Rwanda’s international success, Rusesabagina is one of the most well-known Rwandans and now the smiling face of the very Hutu Power groups who drove the genocide. He is accused by the Rwandan prosecutor general of being a genocide negationist and funding the terrorist group Democratic Forces for the Liberation of Rwanda (FDLR). In Inside the Hotel Rwanda, survivor Edouard Kayihura tells his own personal story of what life was really like during those harrowing 100 days within the walls of that infamous hotel and offers the testimonies of others who survived there, from Hutu and Tutsi to UN peacekeepers. Kayihura tells of his life in a divided society and his journey to the place he believed would be safe from slaughter. Inside the Hotel Rwanda exposes Paul Rusesabagina as a profiteering, politically ambitious Hutu Power sympathizer who extorted money from those who sought refuge, threatening to send those who did not pay to the genocidaires, despite pleas from the hotel’s corporate ownership to stop. Inside the Hotel Rwanda is at once a memoir, a critical deconstruction of a heralded Hollywood movie alleged to be factual, and a political analysis aimed at exposing a falsely created hero using his fame to be a political force, spouting the same ethnic apartheid that caused the genocide two decades ago.

The remarkable autobiography of Paul Rusesabagina, the globally-recognized human rights champion whose heroism inspired the film Hotel Rwanda " Fascinating...your book is called An Ordinary Man, yet you took on an extraordinary feat with courage, determination, and diplomacy. " – Oprah, O, The Oprah Magazine
As Rwanda was thrown into chaos during the 1994 genocide, Rusesabagina, a hotel manager, turned the luxurious Hotel Milles Collines into a refuge for more than 1,200 Tutsi and moderate Hutu refugees, while fending off their would-be killers with a combination of diplomacy and deception. In An Ordinary Man, he tells the story of his childhood, retraces his accidental path to heroism, revisits the 100 days in which he was the only thing standing between his " guests " and a hideous death, and recounts his subsequent life as a refugee and activist.

**Hotel Rwanda** **Movie** **Review** **&** **Film** **Summary** **(2004) | Roger Ebert**

A powerful investigation into a grisly political murder and the authoritarian regime behind it: Do Not Disturb upends the narrative that Rwanda sold the world after one of the deadliest genocides of the twentieth century. We think we know the story of Africa ’ s Great Lakes region. Following the Rwandan genocide, an idealistic group of young rebels overthrew the brutal regime in Kigali, ushering in an era of peace and stability that made Rwanda the donor darling of the West, winning comparisons with Switzerland and Singapore. But the truth was considerably more sinister. Vividly sourcing her story with direct testimony from key participants, Wrong uses the story of the murder of Patrick Karegeya, once Rwanda ’ s head of external intelligence and a quicksilver operator of supple charm, to paint the portrait of a modern African dictatorship created in the chilling likeness of Paul Kagame, the president who sanctioned his former friend ’ s assassination.

Prosthetic Memory argues that mass cultural forms such as cinema and television in fact contain the still-unrealized potential for a progressive politics based on empathy for the historical experiences of others. The technologies of mass culture make it possible for anyone, regardless of race, ethnicity, or gender, to share collective memories -- to assimilate as deeply felt personal experiences historical events through which they themselves did not live.

On the tenth anniversary of the date that UN peacekeepers landed in Rwanda, Random House Canada is proud to publish the unforgettable first-hand account of the genocide by the man who led the UN mission. Digging deep into shattering memories, General Dallaire has written a powerful story of betrayal, na ĩ vet é , racism and international politics. His message is simple and undeniable: “ Never again. ” When Lt-Gen. Rom é o Dallaire received the call to serve as force commander of the UN intervention in Rwanda in 1993, he thought he was heading off on a modest and straightforward peacekeeping mission. Thirteen months later he flew home from Africa, broken, disillusioned and suicidal, having witnessed the slaughter of 800,000 Rwandans in only a hundred days. In Shake Hands with the Devil, he takes the reader with him on a return voyage into the hell of Rwanda, vividly recreating the events the international community turned its back on. This book is an unsparing eyewitness account of the failure by humanity to stop the genocide, despite timely warnings. Woven through the story of this disastrous mission is Dallaire ’ s own journey from confident Cold Warrior, to devastated UN commander, to retired general engaged in a painful struggle to find a measure of peace, reconciliation and hope. This book is General Dallaire ’ s personal account of his conversion from a man certain of his worth and secure in his assumptions to a man conscious of his own weaknesses and failures and critical of the institutions he ’ d relied on. It might not sit easily with standard ideas of military leadership, but understanding what happened to General Dallaire and his mission to Rwanda is crucial to understanding the moral minefields our peacekeepers are forced to negotiate when we ask them to step into the world ’ s dirty wars. Excerpt from Shake Hands with the Devil
My story is not a strictly military account nor a clinical, academic study of the breakdown of Rwanda. It is not a simplistic indictment of the many failures of the UN as a force for peace in the world. It is not a story of heroes and villains, although such a work could easily be written. This book is a cri de coeur for the slaughtered thousands, a tribute to the souls hacked apart by machetes because of their supposed difference from those who sought to hang on to power. . . . This book is the account of a few humans who were entrusted with the role of helping others taste the fruits of peace. Instead, we watched as the devil took control of paradise on earth and fed on the blood of the people we were supposed to protect.

Over the past 25 years, Rwanda has undergone remarkable shifts and transitions: culturally, economically, and educationally the country has gone from strength to strength. While much scholarship has understandably been retrospective, seeking to understand, document and commemorate the Genocide against the Tutsi, this volume gathers diverse perspectives on the changing social and cultural fabric of Rwanda since 1994. Rwanda Since 1994 considers the context of these changes, particularly in relation to the ongoing importance of remembering and in wider developments in the Great Lakes and East Africa regions. Equally it explores what stories of change are emerging from Rwanda: creative writing and testimonies, as well as national, regional, and international political narratives. The contributors interrogate which frameworks and narratives might be most useful for understanding different kinds of change, what new directions are emerging, and how Rwanda's trajectory is shaped by other global factors. The international set of contributors includes creative writers, practitioners, activists, and scholars from African studies, history, anthropology, education, international relations, modern languages, law and politics. As well as delving into the shifting dynamics of religion and gender in Rwanda today, the book brings to light the experiences of lesser-discussed groups of people such as the Twa and the children of perpetrators.

In April-May 1994, 800,000 Rwandan Tutsis were massacred by their Hutu fellow citizens--about 10,000 a day, mostly being hacked to death by machete. In Machete Season, the veteran foreign correspondent Jean Hatzfeld reports on the results of his interviews with nine of the Hutu killers. They were all friends who came from a single region where they helped to kill 50,000 out of their 59,000 Tutsi neighbors, and all of them are now in prison, some awaiting execution. It is usually presumed that killers will not tell the truth about their brutal actions, but Hatzfeld elicited extraordinary testimony from these men about the genocide they had perpetrated. He rightly sees that their account raises as many questions as it answers. Adabert, Alphonse, Ignace, and the others (most of them farmers) told Hatzfeld how the work was given to them, what they thought about it, how they did it, and what their responses were to the bloodbath. "Killing is easier than farming," one says. "I got into it, no problem," says another. Each describes what it was like the first time he killed someone, what he felt like when he killed a mother and child, how he reacted when he killed a cordial acquaintance, how 'cutting' a person with a machete differed from 'cutting' a calf or a sugarcane. And they had plenty of time to tell Hatzfeld, too, about whether and why they had reconsidered their motives, their moral responsibility, their guilt, remorse, or indifference to the crimes. Hatzfeld's meditation on the banal, horrific testimony of the genocidaires and what it means is lucid, humane, and wise: he relates the Rwanda horror to war crimes and to other genocidal episodes in human history. Especially since the Holocaust, it has been conventional to presume that only depraved and monstrous evil incarnate could perpetrate such crimes, but it may be, he suggests, that such actions are within the realm of ordinary human conduct. To read this disturbing, enlightening and very brave book is to consider in a new light the foundation of human morality and ethics.

The definitive account of the Rwandan genocide--voted Best Book on Africa by Foreign Affairs.

A Sunday at the Pool in Kigali is a moving, passionate love story set amid the turmoil and terror of Rwanda ' s genocide. All manner of Kigali residents pass their time by the pool of the Mille-Collines hotel: aid workers, Rwandan bourgeoisie, expatriates, UN peacekeepers, prostitutes. Keeping a watchful eye is Bernard Valcourt, a jaded foreign journalist, but his closest attention is devoted to Gentille, a hotel waitress with the slender, elegant build of a Tutsi. As they slip into an intense, improbable affair, the delicately balanced world around them – already devastated by AIDS – erupts in a Hutu-led genocide against the Tutsi people. Valcourt ' s efforts to spirit Gentille to safety end in their separation. It will be months before he learns of his lover ' s shocking fate.
