Beat the blues! If you've been searching for the right way to manage any type of psychological difficulty, then this essential guide is just what you need to revitalize your life! However, this book is also for the five faces of society—the working class, the militants, the shamans, the scholars and the business class. Just as the mind is composed of five similar elements, which can be regrouped into the ancient trinity model of the mind, society—from the micro-level of the family to the macro-level of the universe—is also composed of the pentagon or trinity model. For instance, the ancient shamans of Mindoro's Hanunoo Mangyans believe that individuals have three souls. A neutral one on the head, a bad one on their left side and a good one on their right side. In the Hindu culture, this is translated into Vishnu The Preserver, Siva The Destroyer and Brahma The Creator. Plato, in The Republic, later calls these elements as the rational side (scholars), the desiring side (the business class, militants and working class) and the spirited side (shamans), respectively. But in 1923, Sigmund Freud—the Western Father of Psychoanalysis—calls it the mediating Ego, the desiring Id and the spirited Superego. And as the ancients say, if the scholarly mediating rational side is in control of the two other irrational sides, then there is health, peace and harmony within the individual. This Middle Way technique may be a bit tricky at first, but with enough practice, it will ensure a happy family, community, country and Universe.

People universally worship the Oedipus complex through gods such as Yah, the son of Allah, and Hawah, Allah's wife. When Yah, a snake god, tongues the Burning Buh of Hawah, a tree goddess, their union is symbolized by the menorah. Together, they are called "Yahweh." The female child has a similar instinct, visually evident through the Crescent and Star, symbolizing Sin, the bisexual moon god, and Easter, the Superstar (Venus). They are aspects of the sky god Allah, representing a daughter's attachment to her mother-father. The Oedipal force is innate in everyone's unconscious mind. As part of Easter's five political identities, it is the source of all conflict. Yahweh's Deep State aims to rule One World using Cabbala. He plotted the 7-11 Apollo mooning, the 9-11 attacks and the 3-11 Fukushima disasters. Now, he's setting the stage for 5-11-18, when North Korea ' s Shining-Star satellite takes the blame for an EMP and black out in the US that will lead to Armageddon. If the ego foils it, time renews it.

This is the author ' s true story. In 1991, as a foreign student in California, the author studies for a computer science degree, excels academically, and gets along very well with his American friends. But later, five invisible voices call on him, whispering instructions for a prophetic message. The author then strives to find a rational explanation for this phenomenon, attempting to authenticate it with coded illustrations. But, he is eventually confined in an American psychiatric hospital, diagnosed with paranoid schizophrenia. And after discovering the scientific community ' s viewpoint—that all Biblical prophets are mentally ill—the author rethinks all his beliefs, including his faith in God. He inevitably returns to the Philippines, where he meets a beautiful girl, who becomes his best friend. Surprisingly, in 1999, he discovers an authenticating key for his message, within an ancient writing system of an indigenous tribe, located in the girl ' s native province. Unknown to the author previously, their writing is remarkably similar to the codes he drew six years earlier...
