You might already know how to care for them during bath time and you may even have read newborn baby care guides on what you should be feeding your little one .

**Newborn Baby Care Guide On How To Dress Them – DearBaby**

Remind yourself that you're a first-time parent with little prior experience in most things baby, from changing diapers (especially for a newborn boy who loves to make a splash) to burping (your baby, not you), so you can't be expected to be in the baby-care-know right off the bat. And even if you do mess up a little in the first few weeks, relax — first of all, blunders are a rite of parenting passage, and second of all, chances are your baby will be very forgiving.

**Baby Care 101 for First-Time Parents – What to Expect**

Feed your baby as often as they want. This is called baby-led feeding. Let your baby decide when they have had enough. Find out more about: Breastfeeding: the first few days. Soothing sore or cracked nipples. How to tell if your baby is getting enough milk. Washing and bathing your new baby. You do not need to bathe your baby in the first few days.
