International bestseller! In her groundbreaking debut essay collection, actress Lily Collins—Golden Globe-nominated star of *Rules Don't Apply*, *Mortal Instruments*, and *To the Bone*—is opening a poignant, honest conversation about the things young women struggle with: body image, self-confidence, relationships, family, dating, and so much more. Lily shares her life and her own deepest secrets, underlining that every single one of us experiences pain and heartbreak. We all understand what it's like to live in the light and in the dark. For Lily, it's about making it through to the other side, where you love what you see in the mirror and where you embrace yourself just as you are. She's learned that all it takes is one person standing up and saying something for everyone else to realize they're not alone. By turns hilarious and heartbreaking, Lily's

clinical ethics themes and principles and is written in accessible language. Each theme is discussed and illuminated in chapters devoted to a particular film. Chapters start with a discussion of the film itself, which shares details behind the making of the film; box-office and critical reception; casting; and other facts about production. The chapter then situates the film in a history of medicine and medical sociology context before it delves into the clinical ethics issues in the film, and how to use it as a teaching aid for clinical ethics. Readers will understand how each film in this collection served to bring particular clinical ethics issues to the public's attention or reflected medico-legal issues that were part of the public discourse. The book is a perfect instructor's guide for anyone teaching bioethics, healthcare ethics, medical sociology, medical history, healthcare systems, narrative medicine, or
