Steve Jobs: "Creativity is Just Connecting Things". August 13, 2015 5 Mins Read. By the time he died on October 5, 2011, Steve Jobs had accomplished just about everything a man of ideas could dream of, and he left his mark by helping to make the world a global village. But perhaps the irony is that for all the credit Jobs receives for revolutionizing the personal computer and mobile communication, by his own admission, he wasn't that much of a creative genius, just someone who knew how ...

Steve Jobs: "Creativity is Just Connecting Things"

For Jobs creativity was about knowing what you want, applying intuition, and keeping it simple. And maybe his genius is in how deceptively uncomplicated it seems. Yet at the end his approach to ...
