"The Great Escape by Angus Deaton, the
Scotsman who got this year's Nobel Prize in
economics, is an extremely thoughtful
overview of economic development and what
goes into it. In ways the book is a stirring
tale of the long march since the Industrial
Revolution out of generalized poverty to the
much more prosperous world we know today,
with close attention to the relationship
between rising ...

foremost experts on economic development and on poverty--tells the remarkable story of how, beginning 250 years ago, some parts of the world experienced sustained progress, opening up gaps and setting the stage for today's disproportionately unequal world. Deaton takes an in-depth look at the historical and ongoing patterns behind the health and wealth of nations, and addresses what needs to be done to help those left behind.

The Great Escape - Princeton University

The world is a better place than it used to be. People are healthier, wealthier, and live longer. Yet the escapes from destitution by so many has left gaping inequalities between people and nations. In *The Great Escape*, Angus Deaton--one of the foremost experts on economic development and on poverty--tells the remarkable story of how, beginning 250 years ago, some parts of the world ...

The Great Escape - Princeton University Press

Angus Deaton, *The Great Escape: Health, Wealth, and the Origins of Inequality*. (Princeton University Press, Princeton, 2013) Reviewed by Michael Palmer¹. Professor Deaton's qualification for tackling this ambitious subject is acknowledged by his award of the 2015 Nobel Prize in Economics. There is perhaps no better authority to bring together the wide branches of health, wealth and inequality, which he does so masterfully in this book.
