In this fascinating book, Gary Renard and the Ascended Masters Arten and Pursah teach us to integrate advanced spiritual principles in our daily lives. This takes us beyond theory, to the experience of the Divine and the undoing of the ego.

Join Gary Renard, the best-selling author of The Disappearance of the Universe and Your Immortal Reality, for the final installment of his trilogy: a fascinating roller-coaster ride to the mysterious truth behind the modern spiritual masterpiece A Course in Miracles. His teachers, Ascended Masters Arten and Pursah, will take you on a whirlwind tour of the afterlife; teach you a method that will, with practice, melt away all of your past bad karma; and reveal the "missing ingredient" to the popular self-help techniques of today. This book will blow your mind and hand you the key to enlightenment . . . at the same time! In the end, you will discover that, indeed, Love has forgotten no one.

"“Reads like a detective thriller! It picks you up and never lets go of you.” —Jess Stearn, bestselling author of Edgar Cayce, The Sleeping Prophet Ancient texts reveal that Jesus spent 17 years in the Orient. They say that from age 13 to age 29, Jesus traveled to India, Nepal, Ladakh and Tibet as both student and teacher. For the first time, Elizabeth Clare Prophet brings together the testimony of four eyewitnesses—and three variant translations—of these remarkable documents. She tells the intriguing story of how Russian journalist Nicolas Notovitch discovered the manuscripts in 1887 in a monastery in Ladakh. Critics "proved" they did not exist—then three distinguished scholars and educators rediscovered them in the twentieth century. Now you can read for yourself what Jesus said and did prior to his Palestinian mission. It's one of the most revolutionary messages of our time."

In this fascinating book, Renard and his Ascended Master instructors teach readers how to integrate advanced spiritual principles into their everyday lives. Doing so leads beyond theory to an experience of the Divine and the undoing of the ego.

Two and a half decades ago, Ascended Master Teachers Arten and Pursah appeared to Gary Renard and held a series of conversations with him that elaborated on the teachings of two spiritual classics, The Gospel of Thomas and A Course in Miracles. Gary immortalized what he learned in the books of his best-selling series: The Disappearance of the Universe, Your Immortal Reality, and Love Has Forgotten No One. This fourth book is a companion to the original trilogy, yet written to stand alone, an invitation for new readers into this fascinating work. This book explores six of the lifetimes in which the incarnations of Jesus and Buddha lived together, beginning in 700 B.C. when they were known as Saka and Hiroji. Arten and Pursah, through the spiritual lessons that Jesus and Buddha learn on their path, clarify the difference between duality and nonduality. When you are able to internalize these lessons, you will be saved countless years in your spiritual development.

Literary Nonfiction. CALIBAN AND THE WITCH is a history of the body in the transition to capitalism. Moving from the peasant revolts of the late Middle Ages to the witch-hunts and the rise of mechanical philosophy, Federici investigates the capitalist rationalization of social reproduction. She shows how the battle against the rebel body and the conflict between body and mind are essential conditions for the development of labor power and self-ownership, two central principles of modern social organization."It is both a passionate work of memory recovered and a hammer of humanity's agenda." Peter Linebaugh, author of The London Hanged"

From the author of Eichmann in Jerusalem and The Origins of Totalitarianism, "a book to think with through the political impasses and cultural confusions of our day" (Harper's Magazine) Hannah Arendt's insightful observations of the modern world, based on a profound knowledge of the past, constitute an impassioned contribution to political philosophy. In Between Past and Future Arendt describes the perplexing crises modern society faces as a result of the loss of meaning of the traditional key words of politics: justice, reason, responsibility, virtue, and glory. Through a series of eight exercises, she shows how we can redistill the vital essence of these concepts and use them to regain a frame of reference for the future. To participate in these exercises is to associate, in action, with one of the most original and fruitful minds of the twentieth century.
