Anorexia If you're concerned about anorexia nervosa, you're not alone. Around one in 100 young people aged 10-20 suffer from anorexia each year. It can be very difficult to accept that you have a problem, but when you do, there are lots of people who can help.

Anorexia - YoungMinds

Where much of this culminates is in the fact that for some people, some of the time, anorexia feels like the only way to stay alive – at the same time as being the closest they can come to death.

The Six Seductions of Anorexia | Psychology Today UK

A 22-year-old student doctor Sarah Rav, from Melbourne, who once weighed just 30 kilograms has revealed what it was like living with anorexia nervosa, and how she came out the other side.
