The Call of the Wild is a novel by Jack London, originally published in 1903. The story is set in the Yukon during the 1890s Klondike Gold Rush—a period when strong sled dogs were in high demand. The novel's central character is a dog named Buck, a domesticated dog living at a ranch in the Santa Clara Valley of California as the story opens. Stolen from his home and sold into service as sled dog in Alaska, he reverts to a wild state. Buck is forced to fight in order to dominate other dogs in a harsh climate. Eventually he sheds the veneer of civilization, relying on primordial instincts and learned experience to emerge as a leader in the wild. This book is considered an American classic and is required reading in many schools. Xist Publishing is a digital-first publisher. Xist Publishing creates books for the touchscreen generation and is dedicated to helping everyone develop a lifetime love of reading, no matter what form it takes

This text uses a cross-functional, integrated approach to describe the role played by each business function in international business. It presents examples from a non-North American viewpoint, giving students a global perspective. Available with GLOBE (CD-ROM with electronic Atlas and exercises).

Wild's Managerial Accounting presents the managerial accounting course content using a corporate approach. It features the same student-friendly writing style and learning tools that have enjoyed consistent success with students and instructors using other texts in the Wild series. Also consistent with this series is Managerial Accounting's focus on the "Three C's": Clear presentation of accounting concepts, Concise coverage to help students focus on important material, Cutting edge technology to engage students and improve their chances for success. The author provides a balance of small and leaf.

Naji is a loose cannon addicted to gunsmoke, fast money, and making it happen at all costs. Nathan is college bound and determined to escape the streets. Gotta is a smooth talking playboy with a sweet tooth for teenage girls. Nikki the lone female in the family is beautiful, ambitious, and just as wild as her brothers. How else could she control them. K.K. the baby boy is 7 going on 25 and too grown for his own good. Journey with this family as they rescue Young Savage, encounter beef, internal conflict, and situations that test their love and loyalty to each other .

NEW YORK TIMES BESTSELLER "I come from a family forged by tragedies and bound by a remarkable, unbreakable love," Hunter Biden writes in this deeply moving memoir of addiction, loss, and survival. When he was two years old, Hunter Biden was badly injured in a car accident that killed his mother and baby sister. In 2015, he suffered the devastating loss of his beloved big brother, Beau, who died of brain cancer at the age of forty-six. These hardships were compounded by the collapse of his marriage and a years-long battle with drug and alcohol addiction. In *Beautiful Things*, Hunter recounts his descent into substance abuse and his tortuous path to sobriety. The story ends with where Hunter is today—a sober married man with a new baby, finally able to appreciate the beautiful things in life.

From New York Times bestselling illustrator Mike Lowery comes a wild and hilarious Graphix Chapters series featuring the amazing Bug Scouts! "Raise your leg or antenna, and make the BUG SCOUT pact: "I promise to fly, I promise to crawl Or make a cool web, or roll into a ball. I pledge to be brave and adventurous too. And do all of the things that bugs like to do!" Meet Doug, Abby, and Josh: the BUG SCOUTS! Doug and Abby love everything about being Bug Scouts: their super-duper top-secret headquarters, earning bug badges, wearing scout gear, and, of course, snacks. Josh, meanwhile, is a grump and doesn't like anything (except the snacks). The Bug Scouts begin to work on earning the "foraging" bug badge, which they can only get if they successfully find an edible plant. Together, they head into the woods in search for adventure and something to eat. But will they be able to avoid the poisonous plants and manage to not get eaten by a clever frog?! With laugh-out-loud humor, puns galore, kid-friendly artwork, and endless heart, *Bug Scouts* is the perfect early graphic novel series for enthusiasts of *Dog Man*, *Narwhal* and *Jelly*, and *CatStronauts*. So get on your hiking boots, put on your binoculars, and head into wacky adventures with *THE BUG SCOUTS*. Graphix Chapters are ideal books for beginning and newly independent readers. With approachable page counts, easy-to-follow paneling, and artwork that supports text comprehension, these engaging stories with unforgettable characters help children become lifelong readers. Get drawn into reading with Graphix Chapters!

Jamal Livingston is stressed out. His community garden is in jeopardy of closure, because volunteers are squabbling and an angry neighbor is threatening to have the garden shut down completely. A horrible prospect! Not only do Jamal and the others share their produce with the local food pantry, they teach others how to garden and eat healthy. When Jamal shares the news with his friends at school, the children are beside themselves. Close the garden? When it's doing so much good? Absurd. The students of Beacon Academy won't stand for it. If the neighbors won't volunteer to work the garden, then they will.

The kids are experts now. They can handle any gardening challenge! It's the moment Jamal learns the true power of community outreach. But as the kids work their plan, they quickly discover there's more at play than cranky volunteers and an unhappy neighbor. A lot more, including Mother Nature herself. The kids might have piles of energy, but can they overcome all obstacles and save the garden? Find out in book 3 of the Wild Tales & Garden Thrills series...

This is a not for profit project to help empower women and give support through our stories of survival, overcoming abuse, self-doubt, our environment and cultures to find true freedom and love ourselves as well as others. The mission was to tell raw unfiltered stories of faith, love, tragedy and get down to what really makes us who we are. We have not censored or edited out any of the triggers, language, or voice of our authors...this is as raw as you can get! Find out what we are up to next on Facebook: Wild Woman Sisterhood Anthology

"A must read for anyone who wants to be successful with their digital marketing." - Greg S. Reid, bestselling author of Three Feet from Gold The 7 Critical Principles of Effective Digital Marketing is an attempt at establishing a baseline for one of the most tumultuous and change-ridden industries in existence. It takes a step back from the strategies and tactics that most digital marketing approaches start with and, instead, establishes a core and foundational structure from which all digital marketing initiatives can and should operate. The 7 Principles are simple without being simplistic and help to align digital marketers with a set of axiomatic, unchanging and foundational beliefs. In fact, these 7 principles may be the only thing about digital marketing that won't change. A note from the author: Oh, look! You're reading the synopsis. That means I've got another sentence or two before you get bored and jump ship to go roam greener pastures. I get that, I do the same thing all of the time. Here's the problem with my book: That sexy little tidbit that you're looking for...you know, that hint, tip, trick, hack, best practice, "whatever" that'll make you an instant digital marketing demigod...it ain't here. I'm not saying it doesn't exist. I'm not saying Santa doesn't exist either. Here's what I am saying: maybe, just maybe, we're doing this wrong. I said "we" because I'm one of you! I'm a professional digital marketer (10 years and running!) and I do the same stupid thing that all of us are guilty of. I go out hunting for quick-fix content that'll give me some sort of blueprint to success as if digital marketing genius comes in a template. That's exactly why I wrote this book. Yes, strategies, tactics and best practices are important. But more important than any of that, something truly irreplaceable and a prerequisite to any lasting success: Principles. Here's the problem that I face: Principles aren't sexy! They just aren't. Tips and hacks and all of that crap, easy to sell. But principles...! Yawn! So, dear reader, I issue you a warning: if you're looking for that casual read that'll just drop a couple of little nuggets to simply make you sound smart the next time you're at a conference, I invite you to look elsewhere. (You're looking for dessert and I'm offering up that deep-dish beef stew your mom used to make on rainy days.) However, if you want the real deal, feet on the street, decade in the making, principle-centered, value driven, foundational approach to digital marketing: You found it. It's time we put down our plastic spiderman sporks and pick up the fine silver so we can sit at the big boy table with every other industry. It's time for digital marketing to have a principle-centered foundation. I hope you'll join me. Thug life, Kasim
